## *Kiss the Girl*

**THE INTRODUCTION** During their first year at Cornell University, the freshmen landed the same biology class and dormitory.

**THE PROPOSAL** During a trip to Europe that their parents had given them as a college graduation gift, Brian proposed in their hotel room and then they celebrated the engagement next to the Trevi Fountain in Rome.

**THE WEDDING** The wedding ceremony décor was based on Tenica's favorite flower, the cherry blossom, lending the event an Asian elegance. The flower continued to be used throughout the reception, where the ballroom was transferred into a sea world from Disney's *The Little Mermaid*.
